"I am amazed at how the surgery turned out! I look in the mirror and see the form and natural softness that was missing since my mastectomy."

~ Barbara, a double mastectomy patient

"We went out of town for a surgery that had disappointing results. We should have gone to Northland Plastic Surgery much earlier -- they made a difference in our son's life."

~ parents of cleft palate patient

At your initial consultation, you share your specific goals and concerns with the physician, who in turn provides thorough and honest answers to your questions. A physical examination follows. You will then be advised of his recommendations to help you achieve your personal appearance goals.

*...to make yourself
you again.*

Northland Plastic Surgery
The Skin Care Center

Our Skin Care Specialist, Ardie Besser, will meet with you and review your skin problem areas along with your lifestyle, goals and expectations. Common treatable conditions include acne, redness (rosacea), dryness, discoloration (pregnancy masks, sun spots, etc.), fine wrinkles, light scarring, uneven skin surface, broken capillaries, cherry angiomas, skin tags and dull-looking skin.

With our professional consultation and treatment plan you will see clearer, healthier looking skin. Some of our most popular services include:

- **Obagi**, medical skincare lines
- **Skin Pen** (microneedling)
- **SkinCeuticals therapeutic facials**
- **Latisse eye lash enhancement**
- **Lamprobe**
- **Micropeels**
- **Microdermabrasion**
- **Professional make-up consultations and applications using our chemical and preservative-free jane iredale Mineral Cosmetics**
- **Waxing**

"My experience has been nothing but professional and effective. I highly recommend The Skin Care Center."

~ Sandra Nelson
